

Helping Hand Scholarship

The Magic Penny has been promoting education in rural Sierra Leone, West Africa, for almost two decades. TMP supports two primary schools in the village of Bompehtoke and, through its Chief Pieh scholarships, sends children on to middle and high schools in other towns. Now, these students have reached middle school age and support for them to continue their education is critical and more costly.

The Magic Penny Helping Hand scholarship program will provide support for a student to attend middle through high school for seven years in a larger town/city. For one year a scholarship of \$180 will cover tuition, books, uniforms and travel, and will help to defray the costs of boarding with other families. Scholarship monies can be paid in total, or in three installments, due March 15, August 15 and December 15.

I wish to pay the total amount of \$180:

Name _____ Date _____

I wish to pay three installments of \$60

Name _____ Date _____

Payment is made to:

The Magic Penny, Inc.
24 Eldorado Drive
East Northport, NY 11731

Donations to The Magic Penny, Inc., a non-profit organization, are fully tax-deductible.
